

Dear friends and partners,

When guests gather for Auburn-Opoly on September 19, they'll experience a one-of-a-kind community celebration with a purpose far beyond the evening itself.

Inspired by the familiar streets and landmarks of Auburn, this life-size game board experience will bring neighbors together while raising critical support for Fortify Home — where families experiencing homelessness find safe shelter, compassionate support, and the resources needed to build a path toward lasting stability.

We're inviting community partners to help bring Auburn-Opoly to life through a variety of sponsorship opportunities designed to create a memorable experience for guests while making a meaningful difference for local families.

When your business **partners with us as a Table Sponsor**, your investment directly strengthens the programs and services that help families in our community move from crisis toward hope and stability.

Enclosed you'll find the table sponsorship opportunities available for Auburn-Opoly. Because the game board and event experiences are limited, sponsorships will be available on a first-come basis. To receive full recognition in event materials, please reserve your sponsorship by September 4.

We invite you to join Fortify Life and fellow community partners in creating a memorable evening, and, more importantly, **creating a lasting impact for our neighbors at Fortify Home and throughout DeKalb County.**

Together, we can change the game for families in our community.

With appreciation,

Ashley King
Controller
